Thank you for letting us care for part of your family while you are away. One of the advantages of boarding your pet here with us is that a veterinarian is available should the need arise. If your pet becomes ill, we will call the emergency phone numbers below regarding your pet's symptoms, treatment options, and an estimate of additional costs. If no one can be reached, please indicate your wishes below should your pet require treatment to relieve discomfort or to resolve any medical condition.

**Please INITIAL your choice from the following options:**

In order to protect the health of your pet, this facility requires that all boarding dogs have current Rabies, DHPP, Lepto, and Bordetella vaccines, and cats have current Rabies and RCP vaccines. Any vaccines that are due/overdue or that we do not have proof of being up to date from a veterinarian must be given for the pet to stay with us. Our doctors will examine your pet and vaccinate as appropriate and the charge will be added to your bill. Pets that are so young that they have not completed their entire series of vaccinations may not yet be fully protected and, thus, owners accept any risks of infection.
